PROFESSIONAL SUMMARY

Results-driven Junior Data Engineer and Customer Success Professional with an analytical foundation in Physics. Experienced in building automated ETL pipelines and managing high-level stakeholder relationships. Adept at bridging the gap between technical engineering teams and client needs, ensuring 100% satisfaction in both remote and on-site environments.

TECHNICAL & SOFT SKILLS

- **Data Engineering**: ETL Pipeline Development, SQL, Python, API Integration.
- **Tools & Security**: Apache Airflow, Astro CLI, GitHub, PostgreSQL, .env Security Management.
- **AI & Operations**: Machine Learning (Supervised/Unsupervised), Windows Task Scheduler, Batch Scripting (.bat).
- **Client Relations**: Stakeholder Management, Conflict Resolution, Professional Correspondence (Remote/On-site).

TECHNICAL PROJECTS (Quantified Achievements)

Automated NGR Food Price ETL Pipeline

- **Automated Acquisition**: Engineered a Python-driven workflow that replaced manual entry, automating the weekly extraction of raw market data for 32+ food items from Mile 12 and Mushin markets.
- **Data Normalization**: Developed automated cleaning scripts to standardize market names and remove currency symbols, ensuring 100% schema enforcement for data integrity.
- **Hands-Free Orchestration**: Implemented a "zero-touch" weekly ingestion schedule using Windows Task Scheduler to trigger the pipeline every Monday at 8:00 AM.
- **Integrity Storage**: Successfully migrated cleaned datasets into a PostgreSQL database, enabling immediate trend analysis via SQL and Power BI integration.

Global Tech News Data Pipeline

- **Workflow Automation**: Built an automated system using Apache Airflow and Astro CLI to track and process global tech trends.
- **Version Control**: Managed 100% of project versioning and documentation via GitHub to ensure system stability and team collaboration.

PROFESSIONAL EXPERIENCE

Financial Advisor | First Bank Insurance (SANLAM) | **2022 – 2023**

- Designed strategic marketing plans and conducted competitor research to drive sales and market growth.
- **Customer Excellence**: Managed a diverse portfolio of clients, providing personalized financial advice and resolving complex account inquiries.

Executive Assistant | British Council / PFL Education | **2016**

- **Global Representation**: Served as the primary point of contact for international delegates during educational exhibitions.
- **Logistics Management**: Provided expert customer care, handling high-volume inquiries and ensuring a seamless experience for visitors.

Procurement Assistant | National Agency for the Control of AIDS (NACA) | **2015 – 2016**

- **Capital Project Support**: Supported the Bid Evaluation Committee for 2016 Capital Projects and maintained meticulous documentation for audit compliance.

EDUCATION

- **Postgraduate Diploma (PGD): Hospitality Management |** National Institute For Hospitality And Tourism (NIHOTOUR), FCT, Abuja | In View
- **Bachelor of Science (Ed): Physics** | Federal University of Agriculture, Makurdi, Benue | **2007 - 2013**
- **Senior Secondary School Certificate (SSCE)** | Topmost International Comprehensive Secondary School, Ipaja, Lagos | **2000 – 2002**.
- **Secondary Education** | Omole Grammar School, Omole Layout, Lagos | **1996 – 2000**.
- **First School Leaving Certificate (FSLC)** | Mother's Joy Nursery & Primary School, Sango-Ota, Ogun State | **1995 – 1996**.
- **Primary Education** | St Leo's Catholic Private School, Ikeja, Lagos | **1990 – 1995**.

EXTRAS (Certifications & Diplomas)

- **Professional Diploma: Applied Artificial Intelligence** | Baze University / World Bank | **Aug 2025**.
- **Certificate: Data Engineering** | 3MTT Nigeria / NITDA | **Dec 2025**.
- **Diploma: Public Procurement** | World Bank.
- **Ongoing Development**: Olaham Academy Job Readiness Program and Wesonline Mentorship Program.
